

McMillin Soccer Team Information

January 16, 2015

Dear Parents,

This year we will be bringing soccer back to McMillin with a Varsity and Junior Varsity Coed Team. We know many students will be excited to try out for these teams.

The Varsity Coed Team will consist of players from 4-6 grade. Any student can tryout regardless of previous experience. The goal of this team will be to promote a love of the game, learn how to work as a team while learning how to keep positions, and to develop skills. With this attitude, regardless of the wins and losses, we can have a successful season.

The Junior Varsity team will consist of students in grade 2-3. Once again, any student in those grade may try out to be on the team. The goal of this team will be to develop soccer skills and a love for the game with a small emphasis on positions. With these as our goals, we can have a successful season regardless of the record.

After the tryouts, players will be selected according to their demonstrated performance, attitudes, and the needs of the teams being formed.

Potential players will have to **fill out the attached permission slip and return it by January 21, 2015** to the office. Students attending the tryouts will need to attend both dates for their age group (see attached permission slip). Once selected, parents of the players will need to complete other forms and agreements (a parent behavior promise and a parent commitment promise) before the student is considered an official member of the team.

We look forward to the tryouts and to a season where each player grows, learns, and gains a deeper love for the game!

Thanks,

Mr. Robinson, Head Coach

Mr. Chumbley, Teacher Advisor/ Assistant Coach
